QCS COVID-19 Health and Safety Plan

QCS is concerned about the health and safety of our customers, industry partners, employees, and community during this time with the COVID-19 (coronavirus) pandemic.

QCS will be following all City, State, and Federal guidelines, laws, and orders for our employees working conditions and schedules. As a provider of essential services to industries (such as pharmaceutical, nuclear, food safety, etc.) identified by the Department of Homeland Security as “Critical Infrastructure”, we will continue operations to the extent that our employees’ and customers’ safety can be maintained.

All QCS employees have access to the following and will use them as appropriate to help prevent the spread of the virus:

- Hand sanitizer
- Wipes
- Masks
- Gloves

Field Service customers will be handled on a case-by-case basis. For customers desiring onsite services, work will only be scheduled and commence when all parties’ concerns have been addressed and the health and safety of both customer and QCS personnel can be assured. While at customer sites, QCS personnel will abide by all QCS and customer health and safety requirements.

All employees will wash hands and/or use hand sanitizer frequently throughout the day, and will be maintaining a 6’ distance from each other and from customers, delivery personnel, etc.

Wherever possible, QCS personnel will work remotely.

As of today, 3/23/2020, our office is open from 7:30 am to 4:30 pm.

Please contact QCS at 1-800-843-1237 x302 with any questions or concerns.

Thank you,
George Cahill
President
